

St Joseph's Catholic Primary School Wandal Tuckshop Policy

Approved: 2004 | For Review TBA

Policy Statement

Tuckshop

At St Joseph's school, the tuckshop provides a service to the school community, as a non-profit enterprise.

Description

PREAMBLE	St. Joseph's School Wandal Tuckshop provides a range of nutritional food to the school community in the spirit of service and justice.
RATIONALE	This policy is created out of a sense of social responsibility to the school community. It ensures that the school tuckshop will provide a range of healthy and wholesome foods for those who wish to access it.
VALUES	Service to those in need. Social responsibility - parents to children, parents to parents, children to children, staff to staff, staff to parents, staff to children. Spirit of co-operation. Community care and support in hospitality.

Implementation Issues

1. The tuckshop will provide foods of good nutritional value and offer a variety of choices.
2. To ensure the smooth running of the tuckshop, the convenor will be assisted by voluntary help from the school community, both in serving and cooking.
3. The tuckshop will be opened to provide for first and second break.
4. The highest standards of hygiene will be maintained in food preparation and handling and the storage of hot foods will be at the recommended temperatures.
5. Because the tuckshop is a non-profit making enterprise, the cost of foods will be kept at a break-even point.
6. The convenor will need to liaise with the school principal and P&F with regards to matters of general maintenance, costing and upkeep of the tuckshop.
